More than 25 years after it all began, the BIGFOOT® Monster Trucks still surprise their creators. BIGFOOT's accomplishments are legendary, including the very first car crush, the first tubular chassis, numerous spectacular stunts such as the world record 202-foot long jump over a 727 jetliner, and 11 monster truck racing series championships!

DRIVER
JEFF BURSEY

HOMETOWN & RACE SHOP
LOWELL, MA

WHAT I LIKE MOST ABOUT MY TRUCK?
The thing I like best about my truck is
the fact that I built it totally myself with
the help from a friend, Mike.

WHAT I LIKE LEAST ABOUT MY TRUCK?
I like changing the transmission the least.

RAMINATOR

Raminator

Big Tires

Each GOODYEAR tire on the Raminator is 66" tall, 43" wide, and weighs 800 pounds!

Power

Raminator's Dodge HEMI engine produces as much horsepower as **4 DODGE VIPERS** (2000hp!).

Heavy

Raminator weighs as much as an ELEPHANT (10,200 lbs), but accelerates **FASTER** than a sports car
0-60MPH = 3 SECONDS!

Fuel

burns more than a **GALLON** of alcohol fuel **PER MINUTE!**

Driver

Raminator's driver, Mark Hall, has the talent: 2001 MTRA Truck of the Year and 2001 MTRA Driver of the Year. Definitely a driver to watch!

Free Gift!

Check out the great selection of Raminator merchandise including hats, T's, novelties and more! Receive your special gift with any Dodge Raminator merchandise purchase! (In order to redeem your free gift, please fill out the entry form and present it where the Hall Brothers are selling Dodge Raminator product.)

NOW TAKING THE TRACK FOR THE MONSTER NATIONALS...

INTRUDER VOLUSIA

RM85

GSX-R600M

How 'bout a big Monster Nationals welcome for five new additions to Suzuki's 2002 powerful lineup!

And destined to become Monster performers. The all-new Suzuki Vinson LT-A500F is the biggest, strongest most capable ATV Suzuki has ever built, and a true *Sport Utility* four wheeler. The all-new Intruder Volusia for 2002 combines traditional styling with modern engineering, all at a tremendous value. This year there's also a *Team Telefonica Movistar Suzuki Limited Edition* – GSX-R600M – with awesome graphics that show the world you're on a bike with a championship-winning heritage. Sure to become Rookies of the year with full-size fun in a small-size package is the all-new for 2002 RM85 along with the QuadMaster™50.

QUADMASTER™ 50

VINSON LT-A500F

Suzuki QuadRunner ATVs may be used only by those aged 16 and older. Suzuki highly recommends that all ATV riders take a training course. We'll even pay for it. For safety and training course information, see your dealer or call the SVIA at 1-800-852-5344. ATVs can be hazardous to operate. For your safety, always wear a helmet, eye protection and protective clothing. Always avoid paved surfaces. Never ride on public roads. Never carry passengers or engage in stunt riding. Riding and alcohol or other drugs don't mix. Avoid excessive speeds. Be extra careful on difficult terrain. Along with conservationists everywhere, Suzuki encourages you to "Tread Lightly" on public and private land. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when you ride. Study your owner's manual and always inspect your Suzuki before riding. Take a riding skills course. For the course nearest you call the Motorcycle Safety Foundation at 1-800-446-9227. The Suzuki GSX-Rs are engineered for experienced riders. Suzuki firmly believes racing belongs in one place-on the racetrack. The RM series motorcycles are for closed-course competition use and related practices. Safety Message For Parents: ATVs are not toys. Serious injury or death can result from improper use of ATVs. Your youngster's safety will depend on you taking a "Safety First" approach to ATV riding. The Suzuki LT-A50 may be used only by those aged 6 and older. As a responsible adult, you must always supervise riders under the age of 16 and let your youngster ride only as long as he or she is riding the ATV safely. Even though your child may be the right age, you need to be sure that he or she has the size, strength, skills and judgement to operate the LT-A50 safely. The SVIA publication "Parents, Youngsters & ATVs" (included with the LT-A50 and available through your dealer) contains guidelines that can help you determine if your child is ready to ride an ATV.
